A very warm welcome to our Boarding for 2025/26

We are proud to introduce our boarding facility for the 2025/26 academic year, located in the vibrant and culturally rich town of Calpe. This offers students a comfortable, modern living space surrounded by opportunity - whether through outdoor activities, cultural immersion, or academic support.

Our new Calpe location fosters a healthy balance between study and leisure, offering access to a variety of activities designed to keep students engaged, active, and connected during evenings and weekends.
